Re: City of Roseville's Comments on Delta Plan EIR Notice of Preparation

Dear Ms. Macaulay:

The Delta Stewardship Council included the City of Roseville in the list of responsible agencies in its notice of preparation of a draft environmental impact report (EIR) for the Delta Plan. The City respectfully requests that the Council remove the City from the list of responsible agencies in that draft EIR. The City is not located within the Delta and its actions will not be covered actions that can be appealed to the Council.

Sincerely,
